## Fellowship Forum By-Laws

### I. Nature And Purposes

The Fellowship Forum is an association, limited in number, having two major purposes:

- (1) to provide an opportunity for fellowship and social activities; and
- (2) through lectures and addresses, comments, questions, and discussion, to assist its members in keeping pace with and contributing to the intellectual life of their community.

### II. Membership

There are two classes of membership, active and inactive.

#### 1. Active Membership

Active Membership in the Fellowship Forum involves regular attendance and participation in the activities of the organization, except when circumstances make such attendance or participation impossible. An Active Member absent from a meeting may vote by written proxy on all matters except the election of new members.

- (a) The number of Active Members that will best serve the Fellowship Forum may vary with the passage of time. Therefore, the number of Active Members shall be established in a range from 50 to a maximum of 55.

#### 2. Attendance

- (a) When an Active Member is unable to attend meetings regularly because of ill-health, physical disability, or other contingency and becomes inactive in Forum affairs, he has become, in fact, an Inactive Member and shall be considered as such by the Membership Committee without formal action by the Governing board. If his health improves or circumstances change, he may return to Active Membership at any time by attending meetings regularly and participating in Forum affairs, without formal action by the Governing Board.

- (b) When an Inactive Member returns to Active Membership, his return may increase the Active Membership temporarily to more than that set in Section II-1 (a).

- (c) After a member is considered to be inactive, the Membership Committee shall examine the probability of his returning to Active Membership in the foreseeable future. If return is considered sufficiently improbable, the Membership Committee may decide that the number of Active Members has been reduced by one.

- (d) Members considered inactive are relieved of all obligations expressed in these By-Laws.

### 3. New Members

(a) Whenever the limitations set forth in Section II-1 (a) permit, the Membership Committee may recommend to the Governing Board that a specific number of new members be admitted. If the Board approves, by majority vote, the Board shall submit the recommendation to the membership. If the addition of new members is approved by a majority of the Active Members at a regular meeting, the board shall announce a deadline date at least 15 days later, when all proposals to fill the specified vacancies must be in the hands of the Membership Committee.

(b) Until the specified deadline is reached, any Active Member may propose a candidate for membership in the Forum. The proposal shall be submitted to the Membership Committee on an approved Proposal Form obtained from the Secretary of the Forum or the Chairman of the Membership Committee. The Proposal Form shall be signed by the sponsor and one or more co-sponsors who shall also be acquainted with the candidate. If a candidate has not previously been introduced at a Forum meeting, his sponsor shall bring him as a guest before the specified deadline.

(c) The Membership Committee shall accept all proposals submitted before the specified deadline is reached. The number of proposals may exceed the number of vacancies.

The Membership Committee shall consider each proposal and shall rank the proposed members by secret ballot. The highest ranking shall be handled as provided in section (d) below, provided there is unanimous consent of the Membership Committee. The number approved shall not exceed the number of vacancies.

(d) The Membership Committee shall give the Secretary a single-page biographical summary of the highest ranking candidate, including the information on the Proposal Form, or the Form itself if the Committee believes the information is sufficient.

The Secretary shall send a copy of the Summary or Proposal Form and an election ballot to each Active Member. A "due date" shown on the ballot shall allow 10 days for the return of the ballot.

The names of the next highest ranking candidates shall be kept on file by the Membership Committee and shall be submitted to the Secretary as provided in this section, one at a time as determined by the Membership Committee.

(e) The Governing Board shall tabulate the results of the election. Six or more negative votes shall disqualify a candidate. The President shall announce the name of the new member at the next meeting.

### III. Officers

#### 1. Election

(a) Officers to be elected shall consist of President, Vice-President, Secretary, Treasurer, and Program Director.
